Modificări și Completări Site PCF

Site actual: pcf.ro · Site nou: pcf-preview.testdomain.fit · 15 octombrie 2026

0. Pas preliminar

– Momentan, pe pcf.ro se pune doar o pagină **„Site Under Construction”** (logo PCF + datele de contact actualizate), până la lansarea noului site.

1. General — toate paginile

– La contact se pune numărul **+40 774 497 094** în locul numărului fix existent (+40 314 251 400).
– Peste tot unde apare anul înființării: **„Since 2011”**.

2. Home Page

– Textele trebuie reformulate mai concret și actualizate.
– Secțiunea **About Us** de pe Home păstrează doar ce e cel mai important; textul complet rămâne pe pagina About.
– **„Since 2011”** în secțiunea About și în secțiunea Expertise (acum apare „[PCF: FOUNDING YEAR]”).
– Secțiunea **NEWS** se elimină de pe Home.
– Home Page să fie integrat cu restul site-ului: aceleași texte, cifre și linkuri ca pe paginile interne (ex. secțiunea CSR de pe Home arată încă Arctic Ultra 2019–2021).

TEXT PROPUS — EXPERTISE (EN)

Introducere: Since 2011, we have actively witnessed the transformation of the local market and helped our clients better understand and navigate complex financial processes, from structured corporate finance to private equity and M&A deals.

Debt Restructuring (secțiune nouă): When a company's debt structure no longer matches its cash flows, a timely restructuring protects both the business and its relationship with lenders. We help clients reassess their financing, extending and rescheduling maturities, consolidating facilities, renegotiating terms and covenants or bringing in new lenders, so that debt service reflects the company's real repayment capacity. Our team prepares the financial analysis and the restructuring proposal, leads the negotiations with existing and new financiers and supports the client until the new structure is fully implemented.

Leveraged Buy-Out (box nou la M&A): We support investors and management teams in acquiring companies through structures that combine equity with acquisition debt. We assess the target's cash-flow capacity, design the optimal mix of equity and debt and arrange the acquisition financing with banks or private lenders, from term sheet to closing. Our experience includes the leveraged buy-out club loan arranged for Aaylex Group for the acquisition of Banvit Foods Romania.

Management Buy-Out (box nou la M&A): We support management teams in taking over the companies they run, alone or together with financial investors. We help assess the value of the business, structure the transaction and design the financing mix of management equity, investor capital and acquisition debt, then negotiate with shareholders and lenders from the first offer to closing.
