Education

University of Bucharest - Faculty of Mathematics and Computer Science, Bucharest, Romania
October 2024 - Present
Bachelor's Degree in Mathematics
Expected Graduation: July 2027
GPA: 8.25
Relevant Coursework: Analysis, Geometry, Algebra, Linear Algebra, Probability, Differential Equations, Complex Analysis, Functional Analysis, Logic, Artificial Intelligence

"Gheorghe Lazăr" National College (C.N.G.L.), Bucharest, Romania
September 2016 - June 2024
High School - Mathematics and Computer Science track
Baccalaureate Grade: 9.85

Relevant Activities and Experience

Student Representative on the Faculty Council - Mathematics, Year 2
November 2025 - Present

- Elected student representative for over 150 students, participating in Faculty Council meetings and dedicating approximately 3-5 hours per week to communicating student concerns, coordinating feedback and facilitating discussions between students and faculty administration.

Mathematics and Computer Science Students' Association *November 2024 - Present*
Active Member

- Organizing and coordinating academic and social events for students:
  - CDOS: Coordinated the development of a 40-page report evaluating the implementation of students' rights and obligations within the faculty and outlining solutions to identified issues;
  - Theater Night: Directed four theatre productions and coordinated the organization of the event at which they were presented;
  - Faculty Admission Exam: Assisted in the organization and coordination of the faculty admission process for over 1000 applicants, providing logistical support and guiding candidates throughout the examination day;
  - Faculty's Open Doors: Contributed to the organization of the faculty's Open Doors event by guiding over 100 prospective students, presenting academic opportunities and facilitating interaction between visitors, students and faculty members.
- Developing leadership, project coordination and interpersonal communication skills.

Self-Employed - Private Tutor *October 2024 - Present*

- Providing tutoring sessions in Mathematics for four secondary and high school students through weekly two-hour one-on-one sessions;
- Supporting students in developing analytical thinking, logical reasoning and self-confidence in approaching complex subjects.

National Arduino Competition *November 2020*
Second Prize Winner
- Designed and built a robot capable of executing tasks as a virtual office assistant to support remote learning during the pandemic, using C++ and Arduino hardware;
- Presented the project before a jury of technology specialists, showcasing technical and problem-solving skills.

Skills & Certifications

Languages:
- Romanian - Native;
- English - Advanced (C1);
- French - Intermediate (B1);
- German - Conversational (A2).

Technical Skills:
- Advanced mathematics skills for problem-solving and data analysis;
- Microsoft Office;
- Python;
- C++;
- Database Programming with SQL and Design.

Soft Skills:
- Leadership & Project Management: Experience in leading and coordinating teams;
- Communication & Teamwork: Excellent communication and adaptability through organizational and educational activities;
- Strong organizational & time management skills, with the ability to take initiative, work independently and carry tasks through to completion;
- Analytical thinking and attention to detail.

Certifications:
- Cambridge C1 English Exam;
- DELF B1 French Exam;
- Göethe A2 German Exam;
- Oracle Database Design Certificate;
- Oracle Database Programming with SQL Certificate;
- ECDL (European Computer Driving Licence).
