Experience

BSQF-Bocconi Students Quantitative Finance — Milan, Italy
Equity Research & Portfolio Management Analyst — 11/2025 - Present
- Joined the student association at the end of November 2025 and began learning through involvement in ongoing projects.
- Conducted a valuation for the leading global healthcare company Novo Nordisk, focusing on market research to identify key competitors, implementing my analysis in a Multiples Valuation Model. Used FactSet to gather data and metrics to be imported into Excel.
- I consider this to be significant progress in my professional development as I had the opportunity to understand how different groups can coordinate in delivering what is needed, gaining insight in what a career in a corporate environment could look like.

Ro@B-Romanian Students at Bocconi Association — Milan, Italy
Founder and Head of Finance Department — 11/2024 - Present
- Founded and managed the financial department of an association serving hundreds of Romanian students.
- Oversaw budgeting and record-keeping for dozens of social, cultural and educational events.
- Coordinated sponsor outreach, achieving successful partnerships and resource acquisition (~400€ equipment).

BRD - Groupe Société Générale — Bucharest, Romania
Traineeship — 09/2023 - 11/2023
- Supported the Top Corporates Coverage Department on pitches, credit memos, and pipeline tracking for large corporate clients across multiple sectors.
- Monitored macro/sector news and rates; produced a weekly one-pager highlighting implications for the team's top clients.
- Gained exposure to M&A by observing how corporate financing and acquisition deals are structured.

Neurobotix-Robotics team — Bucharest, Romania
Operations & Marketing Manager — 2022 - 2023
- Led outreach and operational management for the First Tech Challenge contest team, reaching the top 3 in the finals.
- Learned the basics of task delegation and coordinated a team of 7 members. Improved my communication effectiveness.
- Applied data-driven approaches to outreach, analyzing response and engagement rates to increase sponsor conversion by 30% and optimize communication efforts.

Caritas — Bucharest, Romania
Volunteer — 01/2023 - 08/2023
- Helped transport and share supplies for hundreds of Ukrainian refugees as part of my local Catholic church.
- I took part in tutoring activities that allowed me to both help children in need and enhance my communication and mentoring abilities, for a period of two months of weekly three hours of educational activities.

CEL Bucharest — Bucharest, Romania
Liberal Student Council Member — 2022-2024
- Developed debating and public-speaking skills by participating in mock political meetings with peers and high-level politicians.
- Used networking and communication skills to secure votes for relevant initiatives.

IT Skills & Languages

- **R/RStudio**(descriptive and inferential statistics: regressions, hypothesis testing, data manipulation), **Python**(data analysis and manipulation, currently learning portfolio construction and more), **Excel Advanced**(modelling, lookups, pivot tables etc.), **FactSet**(self-taught through a course and practical work experience), **Stata**(statistical analysis and data manipulation), **PowerPoint**.
- Romanian(native), English(proficient-C1), Italian(intermediate-B2), French(elementary).

Other Interests/activities

- I compete at the national level in powerlifting, having obtained silver and bronze medals for my performances. Powerlifting is an activity that helped me build a resilient character, a trait that is evident in all aspects of my life. I enjoy running marathons and mountaineering, as I try to balance my professional goals with personal development in other areas.
