VLADIMIR POP

Employment History

Investor & Portfolio Manager – Digital Assets / Cryptocurrencies
August 2017 — Present

· Managed and actively traded multi-asset cryptocurrency portfolios for clients, combining long-term investment strategies with short-term trading for optimized returns.

- Applied advanced technical analysis (candlestick patterns, trend lines, indicators such as RSI, MACD, Stochastic) to identify entry and exit points in volatile markets.
- Conducted comprehensive market research, leveraging on-chain analytics, macroeconomic trends, and sentiment analysis to anticipate price movements and emerging opportunities.
- Researched and tested blockchain innovations, including DeFi protocols, Web3 applications, and Layer-2 scaling solutions, assessing usability, security, and growth potential.
- Implemented diversified strategies such as staking, yield farming, liquidity provision to maximize ROI and manage risk.
- Stayed ahead of industry developments, monitoring tokenomics, regulatory changes, and innovations in NFTs, decentralized applications, and smart contract platforms.
- Utilized advanced trading and analytics tools (e.g., TradingView, Glassnode, CoinMetrics) for performance tracking, risk management, and automated execution.
- Expanded trading activity into traditional markets in 2022, executing strategies in equities and commodities to diversify portfolio performance and gain broader market exposure.

Assistant Manager at Intertext SRL , Bucharest
October 2019 — September 2022

- Provided daily administrative and operational support to the management team within a clothing manufacturing environment.
- Monitored orders, deliveries, and production timelines, ensuring accuracy and timely completion.
- Managed correspondence, maintained customer records, and facilitated meetings with clients and suppliers.
- Supported basic accounting and office management tasks, contributing to efficient factory operations.
