WORK EXPERIENCE

Alba Infrastructure Partners — **London, United Kingdom**
Investment Intern — *March 2025 – September 2025*

- Supported capital-raising efforts by conducting market research, preparing investor presentations, and analyzing potential funding sources for infrastructure projects
- Conducted due diligence on potential investments, assessing financial viability, risk factors, and strategic fit within the infrastructure portfolio
- Assisted financial modeling and valuation by building and analyzing cash flow projections, investment returns, and risk assessments for infrastructure projects
- Developed and audited financial models to evaluate investment returns, stress test scenarios, and provide insights into project feasibility and long-term performance
- Compiled investment memorandums, financial reports, and presentations to support internal decision-making and external investor communications
- Monitored asset performance, analyzed operational and financial KPIs, and supported strategic initiatives to enhance value creation within portfolio companies

CCE – Clean Capital Energy — **Bucharest, Romania**
Asset Developer — *July 2023 – October 2024*

- Coordinated with external consultants and internal teams of engineering, legal, finance, procurement, construction, and executive team members to accurately define and mitigate project risks and provide concise updates on project status
- Drafted internal presentations for senior management, including IC Papers, corporate approvals, and legal translations
- Identified suitable locations to develop PV projects in order to contribute to the achievement of the business plan objectives
- Assisted with valuation of projects, primarily using discounted cashflow methodology; utilize IRR and TVPI analysis to determine project attractiveness
- Supported the analysis and implementation of key strategic initiatives and corporate projects while operating, maintaining and developing the consolidated business line financial models
- Liaised with team members from Austria to secure PPAs for existing projects, mainly in the financing stage

ENERY ELEMENT — **Bucharest, Romania**
Legal and Project Manager — *April 2022 – June 2023*

- Coordinated with engineering, legal, finance, procurement, construction, and executive team members or external consultants to accurately define and mitigate project risks and provide concise updates on project status
- Drafted corporate approvals, NDAs, sole-shareholders decisions, legal translations, superficies, sale-purchase agreements, and Position Papers for the Romanian Photovoltaic Industry Association
- Identified suitable locations and lead negotiations, for PV projects to contribute to the achievement of the business plan objectives
- Assisted with valuation of projects, primarily using discounted cashflow methodology; utilize IRR and TVPI analysis to determine project attractiveness
- Liaised with relevant authorities such as Transelectrica, ANRE, Electrica, etc to obtain required permits and authorisations, while also representing ENERY before the Romanian authorities

SCHLUMBERGER — **Bucharest, Romania**
Contract Analyst — *May 2021 – April 2022*

- Drafted, reviewed and negotiated contracts including rental, provision of services and products, workers management services, logistics, land transportation, wellsite services, etc. for Norway, Denmark, Turkey and Hungary
- Ensured compliance with Schlumberger policies, standards, procedures, and contractual obligations
- Identified and proposed improvements to existing contracting procedures in working groups on matters related to ESG
- Lead negotiations for concluding well-site services, chemical storage agreements exceeding 90 mil EUR
- Provided support for business lines, mainly Norway and Denmark, in case of disruptions at oil rigs; ensured preventive measures were in line with contractual obligations
