# Zakiyy Miah

London, 07927 282000, zakiyymiah@gmail.com

## PROFILE

As a part-qualified Chartered Accountant and Economics with Econometrics graduate, I am focused on expanding my expertise in the corporate finance industry. Over the past year, I co-owned and managed a barbershop, where I sharpened my leadership, entrepreneurial, and operational management skills, gaining valuable insights into running a business. Previously, my role as a trainee accountant in the Audit department provided me with hands-on experience in financial data analysis and compliance with ethical finance practices. With five years of experience as a customer assistant and delivery driver at Sainsbury's, I have cultivated strong customer service, problem-solving, and multitasking abilities. I thrive under pressure and am driven by a desire to pursue a career in investment banking, where my analytical mindset, teamwork capabilities, and adaptability to fast-changing environments will be essential. Known for my eagerness to learn, reliability, and strategic thinking, I am confident in my ability to contribute effectively to the dynamic landscape of finance.

## EMPLOYMENT HISTORY

Oct 2023 — Jan 2025 | Partner, Barbershop | City of London

- Led business operations, overseeing financial management, including budgeting, profit analysis, and wage distribution to ensure profitability and business growth.
- Controlled social media accounts and developed marketing strategies to enhance brand visibility, increased customer footfall, and maintained high online ratings through exceptional service delivery.
- Managed daily operations, including scheduling, customer service, and inventory management, while providing bespoke grooming services to a diverse clientele.

Mar 2023 — Oct 2023 | Trainee Accountant, Sayer Vincent | City of London

- Adhering to firm standards on independence and professional ethics, supporting seniors by testing and analysing data, running reports, and preparing notes for manager/partner review.
- Undertake client work involving statutory and grant audits, independent examinations and other client assignments such as compliance tax, due diligence, VAT and internal audit.
- Maintaining all required records for the ICAEW training file while studying and completing exams for the ACA qualification with First intuition.
- Ensuring excellent customer service for on-site and remote clients by participating in meetings, updating system notes, addressing audit queries, and managing outstanding requests efficiently.

Oct 2022 — Jan 2023 | Trainee Auditor, Arnold Hill Chartered Accountants | City of London

- Extract a trial balance from Sage/Xero and prepare draft accounts on CCH.
- Accounts production for entities such as Companies, Groups, Service Charge, Charity, Pension scheme and LLPs under FRS 102, FRS 105 and IFRS.
- Loaned to Outsource Finance Department to process payrolls, bookkeeping and VAT returns while maintaining client records to the trial balance stage through processing transactions, invoices and general ledger reports on Sage and Xero.

Jul 2019 — Jul 2024 | Delivery Driver, Customer Assistant, Sainsbury's | East London

- Ensured timely delivery of groceries to households within designated time slots, maintaining punctuality and efficiency.
- Provide personalised assistance to disabled, vulnerable, and elderly customers, supporting their shopping needs with care and attention.
- Foster positive customer interactions by maintaining a friendly, engaging demeanour, contributing to high levels of customer satisfaction.

Jan 2018 — Dec 2021 | Hairdresser, X-Trimz Barbershop, Mobile Barber | East London

- Efficiently managed client scheduling to provide personalised in-home grooming services, ensuring a seamless and tailored experience. Dedicated specific days to charity initiatives, offering professional grooming services to support fundraising efforts.
- Leveraged creativity and attention to detail to provide tailored haircuts for diverse clients, ensuring excellent customer care through effective communication and personalised service.
- Accurately manage daily financial transactions including calculating income and expenditures.
